Metronomes

Sun bear metronome

Theory

Tenuto and Theory Lessons see also musictheory.net

Music Theory and Practice by Musicoupolos

Blue Note

Composition

NotateMe Now (amazing!)

***Noteflight.com (website, not an APP)

Notion- expensive but good

Tuners

Tunable

PitchLab (amazing!)

For learning tuning: InTune

Tonal Energy Tuner

For breaking assignments down

Music in Practice

Make Dice

Decide Now

Dice

For playing with recordings

ABRSM Speedshifter

Anytune

For recording lessons

VoiceRecord Pro * I also recommend using Blue

Microphones instead of the built in!

For reading scores/IMSLP:

forScore

musicnotes.com app

BOX -knows when it is music and allows natural page turns! Can be used with the AirTurn turner

Music History

Anything by Naxos! (Many available on both OS)

Games

The Lost Symphony (sort of a Mario Bros on notes)

Lesson Notes

Evernote

Music in Practice (for young students)

Mobile Payment

PayPal

Square/Cash/Register

Google Wallet

Apple Pay

For storing EVERYTHING in the Cloud (docs, music, photos, video)

Box

Dropbox

Google Drive

Picasa (for pics)

Creativity/ Music

Bloom HD

Beatwave

Soundrop

Sheet Music and Jazz/ backing tracks

iReal Pro \$12.99 (Lead Sheets and band generator)

Note Star from Yamaha
